None of these Notes include a contractual recognition of bail-in clause and they are governed by English law, which, following the UK's withdrawal from the European Union, has become a third country law.

BNP Paribas has decided to keep all these Notes on its balance sheet until their respective maturity dates as a source of funding.

As of 31 March 2025, the aggregate nominal value of these Notes was approximately EUR 3,059 million. The overall amount recognized in total capital was approximately EUR 1,032 million for these Notes.

As the disqualification of these Notes from Tier 2 capital has already been anticipated, there is no change in BNP Paribas group's capital trajectory with a capital ratio remaining well above requirements.

\*The ISIN numbers are included solely for the convenience of the holders of the Notes. No warranty is given as to the accuracy or correctness of the ISIN numbers as contained herein.
